I, Mr [REDACTED] of [REDACTED] (National Insurance number [REDACTED]), authorise and give my explicit and specific consent to my union representative Ms Emma Cotton, Tax & Welfare Rights Organiser (welfare benefits adviser), to represent me in all aspects of my Universal Credit claim.

As explanation, Equity Union has an in-house welfare benefit advice service run by legally trained social security advice caseworkers. They are part of the welfare benefit advice sector. This longstanding sector was created to advise and assist citizens on their rights and responsibilities in relation to social security law, and to provide legal representation where needed.

I am currently in poor health and require independent representation from the advice service at Equity. This includes but is not limited to:

- Equity writing letters and making phone calls on my behalf
- Equity making complaints on my behalf to the DWP
- Equity putting together my UC WCA case on my behalf and representing me at mandatory reconsideration and potential appeal
- Equity communicating by any other means necessary with DWP in order to assist me with my UC claim and UC WCA case.

You will be receiving communications from Ms Emma Cotton (welfare benefits adviser) in respect of my UC claim, including my WCA appeal.

Please record this authorisation on your systems.
