Advisers Guide to Benefits and Tax Credits
2006-2007 Edition

The Welfare Benefits Unit

Our Advisers Guide to Benefits and Tax Credits is written for people who give information and advice on benefits as part of their work. Social Services staff, Citizens Advice Bureau workers, probation, housing and workers from a range of non-statutory organisations in North Yorkshire have found the Guide an invaluable starting point for advice.

The Guide has a compact format and covers, at an introductory level, non-means-tested benefits giving the main conditions of entitlement, rates and information on how to claim.

Means-tested benefits are dealt with in more detail to allow you to work out entitlement to Income Support, income-based Jobseeker’s Allowance, Housing Benefit, Council Tax Benefit, Pension Credit and Tax Credits. There are useful sections on benefits in residential and nursing care and benefits in hospital. You will also find information on payments from the Social Fund, the Family Fund and the Independent Living Fund.

Price £3.80 per copy or £3.50 per copy for orders over 25 (includes postage and packing)
