Practising Welfare Rights aims to improve awareness among people working in social work and advice agencies about the skills required for effective welfare rights work, and offers guidance for managers and other professionals about how to develop a welfare rights service.

Written by a well-known author, trainer and adviser on welfare rights issues, this book includes:

- learning objectives
- activities to test understanding
- illustrative case studies

It also covers core welfare rights skills, such as interviewing, legal research, negotiation and advocacy, and discusses the historical, social and economic forces which have shaped welfare rights practice as well as the politics of welfare.

An accessible book which highlights the place of welfare rights practice in modern society, Practising Welfare Rights is essential reading for welfare rights and other advice workers, social workers and social care practitioners, professionals and managers in social work and welfare rights settings and anyone studying social work.

Neil Bateman is an internationally renowned author, trainer and consultant specialising in welfare rights and social policy issues. His articles have been frequently published in the social care and public services press. Previous books include Advocacy Skills for Health and Social Care Professionals (2000), and contributions to a number of welfare rights and social work reference books.
